**President's Comments**

**T**he old saying “my how time flies” could not be more accurate than when applied to the T.O.S. Inc. Would you believe that our “new” hall is five years old (officially opened on 17.07.05). Not only that the T.Q.O.C. Inc. Conference seems only yesterday and here we are with a winter show on our hands. Of course by the time you read this the Winter Show will be over with only three months till the Spring Show and then the A.G.M. What do orchid growers do with their spare time?? – “what spare time?” you say.

Congratulations and thanks to those who helped with the show and to those who won prizes.

Last month I said that we hadn't yet assessed financial results of the Conference. We did not strive to make this a financial bonanza but we launched a few fund-raising ventures to ensure there was no loss. With two lots (four days) at Bunning's Sausage Sizzles, Secretary Jean's sales table of cakes, jams etc, and the “wheelbarrow” raffle we raised almost six thousand dollars, so of course we made a profit. Thank you most sincerely to those relatively few members who participated. With all of these good vibes it is exceptionally disappointing that our knockers, who do nothing for the Society but take what they can get, are spreading rumours about judging the foliage. Their aims are malicious and their stories are false - they should consider the legal cost of defending a defamation case (as well as the provisions of our constitution clauses 2 and 8b (ii)(iv) and 8c – “nuff said” at this stage. I hate to raise these matters when our Society's general membership is doing such a good job and membership is growing rapidly, with our meetings becoming more friendly by the month.

The building, a much talked about subject, is said (as at 9.07.10) to be scheduled for completion on Monday 12 July – fingers crossed. The builder has also been asked to do the alterations to ramps so that the drainage can be improved – this should also be completed before the show.

Aren't we going to have a great show of Phalaenopsis for the Spring Show? (no doubt it was pretty good for the Winter one). Fads in orchid growing, like clothing fashions, are certainly interesting. See you at the next meeting.

*Wal Nicholson*

**OBITUARY:** Those members who have been in the Society for more than twenty years would be interested and saddened to hear of the demise of Joan Cambridge (at Mackay) who, with her late husband Jack, were very active members for some years. I knew them for a short few years when Jean and I first joined the Society. I understand that they were instrumental in establishing the former Mt. Isa Orchid Society before moving here, and they were active also within T.Q.O.C. Inc. They are said to have been the first registrants for the 8<sup>th</sup> Australian Orchid Conference which was hosted by T.O.S. Inc. in 1983. It is sad to learn of Joan's departure.

*Wal Nicholson*

**Welcome to our new members**

Grant Christophers & Alis Siarni  
Peter & Mary Cooper  
Karen Green  
Mary How Lum  
Merle Perkins.

## Notices.

1. **Containers** (plastic, screw top) are still needed for the members' shop.
2. The flask list and order form for the next episode in the **TimTam Flask Sharing Group** will be at the meetings and on our web site this weekend. I will place the order on our web site as it develops so you can see the progress just in case you wish to order some more. Remember that this time we will have to pay for the postage.
3. I have a **1000+ pot order** ready for NuLeaf in Cairns. Anybody heading up that way with a bit of spare room, who can pick it up and bring it back?
4. **Quincan** should be available at the Sunday meeting in 20L lots. Bring a strongish bag if you wish to purchase some.

Jeff Knowles

## Calendar.

### July, 2010

16,17,18 - TOS Winter Show  
23 -, TOS Normal General Meeting, 8:00pm start.  
(NOT a Christmas in July party)  
25 - Novice / New Growers' Meeting, 1:00pm  
25 - Proserpine Field day  
30 - Management Meeting 7:30pm

### August, 2010

15 - Innisfail Field Day  
27 - TOS General Meeting, 8pm  
29 - Novice / New Growers' Meeting, 1:00pm

### September, 2010

3 - Management Meeting 7:30pm  
24 - TOS General Meeting, 8pm  
26 - Novice / New Growers' Meeting, 1:00pm  
26 - TDOAPA Field Day

### 2011

[www.20woc.com.sg](http://www.20woc.com.sg)

[Note: Another must be there event!]

### 2012

10-16 September - 19th AOC Conference and Show in Perth

( [www.waorchids.iinet.net.au/19th\\_AOC\\_Conference.htm](http://www.waorchids.iinet.net.au/19th_AOC_Conference.htm) )

OF FERNS AND FOLIAGE  
ALWAYS AVAILABLE**

### Date Claimer:

Sunday 31<sup>st</sup> October 2010 for the  
Townsville Orchid Society's Field  
day.

## Novice/New Growers' Report

The Novice New Growers Group met again in the Townsville Orchid Society Inc. Hall at Charles Street, Kirwan on the 27<sup>th</sup> June with 53 members and 6 visitors in attendance for the afternoon activities. Several of the visitors are showing a lot of interest in our activities, also some of the newer members are taking advantage of the library and talking to our librarian Noel, who is always on hand to help them.

The benching of your orchid plants for our Winter Show was the main topic for discussion and it is very essential to present your plants to their best advantage for judging. Always place your plants in the best position for the flower buds to develop mainly accordingly to the light and plant habit also it is best to stake the flower inflorescences when they are small. About 150mm. is the right height on a Phalaenopsis spike. It is important for the control of pests especially thrips, aphids and mealy bug as they will damage the flower buds when quite small which will then cause disfigurement in the flowers when they open. Botrytis fungus is another problem when the nights are cool, humidity is high and there is poor air circulation. Affected flowers will develop unsightly speckles on the petals and sepals. A senior member Ray Robinson was kind enough to bring along a *Coelogyne* plant in flower which he described its many aspects in detailed, especially the single flower on a very long raceme. Thanks again Ray for your generous help.

With so many overcast days there was still a lovely show of stunning blooms on display and in the Novice Popular Vote Section it was Janeen Deliseo 1<sup>st</sup>, Col Bergenski & Lyn Mulch 2<sup>nd</sup> and Jan Hendrick 3<sup>rd</sup>. The Open Section Michael & Lyn Gudge was 1<sup>st</sup>, Steven Fay 2<sup>nd</sup> and Mavis Papalexion 3<sup>rd</sup>. A few of our members have been enjoying a holiday lately Doris Blakeney and Noelene LeRoy are down at the Gold Coast and Margaret Locke is on an overseas holiday. Our thoughts and best wishes go out to all our members who are not in the best of health at the present time, so we hope and trust there are better days ahead for everybody in the future.

At our July meeting we would like the members to bring along the Fertiliser Products that you use, a sample of the fertilizer mixture (small bottle) that you spray on the orchid plants also a small bottle of tap water (please put your name on each item) so that we can analyse the pH. reading and the consistency strength of the fertilizer mixture.

Once again, we have to congratulate everybody for the wonderful afternoon tea that was served and also for your loyal support and generous donations towards the Multi Raffle Table.

*Warren and Clara Sewell*

---

## Singapore and the World Orchid Conference

2011

The list of people showing interest in our planned adventure next year is growing all the time, and stretches from Ingham through Townsville to Gladstone. If I was to say the numbers are heading towards 20 I would not be exaggerating too much. If you are interested, then feel free to let me know, whether you are a TOS member or not.

To get to Singapore, and back, we will have to fly. One of the aspects of flying that causes problems is just how much luggage can you take on board. Here is a bit of information from Janelle Paton at Escape Travel, Willows.

“A little info for Luggage and the airlines.

The amount of luggage you can check in for your international flight varies depending on your airline of choice, frequent flier memberships, and other factors. The general rule of thumb for flights to Singapore is 20kgs per person based on economy class of travel. Qantas have a limit of 23kgs per person with the total dimensions not exceeding 270cm (106in) with no 1 piece exceeding 158cm (62in). In addition to your checked in luggage allowance you are generally allowed to a limit of 7kgs of carryon baggage.”

Which raises the question, “How do we get all those flasks we purchase back home?”

Planning must also involve health issues, especially immunisations. As Alison and I planned for our forthcoming cruise out into the Pacific Ocean we were advised by the cruise line to be immunised for influenza (seasonal, including of course the swine variety), Hepatitis A and Tetanus/Diphtheria. On taking advice from medical advisors we also were jabbed for typhoid, as we were heading to Vanuatu, and hepatitis B. The Hep B is a course of three injections over a six month period. So our, being non-medical people, advice to you is to discuss your immunisation requirements with your GP the next time you visit, and do not leave it to the last month.

Did you all see the feature on the opening of the \$6.3 billion Marina Bay Sands project on the TV recently? You know, the one in the newspaper cutting that Noel brought to the last meetings, which looks like a 55 story tall set of cricket stumps, complete with a 1.2ha park on top forming the bails, the one with costs of \$400 to \$1200+ pn. Should we approach our management committee to book and pay for a dozen of these rooms for us? 😊

*Jeff and Alison Knowles*

- 1) *Laelia. Gluedeniana* M&T Keith
- 2) *Epi. elongatum* N&M Grant
- 3) *Epi. imatophyllum* N&M Grant

#### PAPHIOPEDIOUM

- 1) Paph. *chamberlainianum* W&J Nicholson

## Growing Competition

The Blc. Dal's Kew 'Drummer Boy' x Bc. Dal's Charm (from Burbank Orchids) growing competition is now in full swing. Leading the pack in June was Stephen Fay with a height of 24cm, with Alison Knowles close on his heels at 21cm. Third place on 19.4cm was Joan MacIntyre. With most now throwing up their new growths it will be interesting to see the heights over the next few months.

Do not forget to bring you orchid along to either of the meetings and join in the fun. (As we are a bit busy with the shop at times, you may measure the height of your own plant and record it on the sheet provided.) Congratulations to Wal and Jean Nicholson who won the June raffle. Remember all you have to do to enter is to bring along your Blc. Dal's Kew 'Drummer Boy' x Bc. Dal's Charm orchid.

Have you checked out your *Dendrobium* seedling you received as a donation from Shane Snow of *J and V's Fraser Coast Dendrobiums*? Although not part of a measurable growing competition, it would be interesting to know how you are all going.

*Jeff and Alison Knowles*

PS. We should be distributing your next free *phalaenopsis* seedlings at the September meetings thus beginning a Friday night and Sunday afternoon growing competition. These will be two different crosses.

## MINUTES TOWNSVILLE ORCHID SOCIETY INC.GENERAL MEETING HELD 25.06.10

**Meeting Opened:** 8pm by W Nicholson who reminded members to sign attendance book and note any apologies. He then asked for a minute's silence in honour of Alan Smith, a member for the last twelve months, who passed away this week and was buried yesterday.

He apologized to Stephen Fay for leaving his name off the thank-you list, and thanked him for working through the entire conference. Presentation he made to J Nicholson at dinner was from his pocket and not from T.O.S. Inc. funds.

**Minutes:** from previous meeting Moved as a True Record by A Withers. Seconded S Fay Carried.

**Business Arising From Minutes:** Nil

**Correspondence:**

**Inwards:** RHS of Vic. Inc./\$20 Million Public Liability Insurance Premium; QCWA Northern Div./A/c Catering; T.C. Council/Mayoral Reception A/c; Fitzgerald's Funerals A/c/Bulletin Notice/ Alan Smith; Pink Hygiene Solutions/Annual A/c; Harrison's Screen-printing/TQOC Inc. ribbons; Burbank Orchid Nursery/2 flasks donated to T.Q.O.C. Inc. Auction; J Batey/T.Q.O.C. Inc. Constitution/questions; J Knowles/email/flask list Easy Orchids/Catalogues; Mavis Papalexion/Sponsorship letter returned; Karen Green/new member application; David James & David Gillingham/thanks for excellent Conference/request Ashley Field contact;

Conference & thanks for excellent show.; TripleT/Deal offer; Bowen Garden Workshop/Bi-annual Field Day/15 August/numbers 4 August; David Piko/A.N.O.S. Vic. Group Inc/request to photograph local orchids/visiting 27/06-3.07;

**Held Over:** Bunnings Warehouse Sausage Sizzle/Sunday 22 August 2010; Proserpine OS/Field Day 25 July/numbers 16 July; Pioneer River O&P Assoc. Inc./Field Day 22 August/numbers 10 August; Charters Towers O&AP Soc. Inc./Field Day 12 September/numbers in August; Bulletins from Other Societies; Orchids Australia.

**Outwards:** Burbank Orchid Nursery; TripleT/cheque \$100; David Piko/answer; QCWA Northern Division/Letter & Cheque; June & Stacey Cairns/New Member letter; J Knowles/emails re bulletin items; D James & D Gillingham/answer re Ashley Field; Susan Thompson/Companion Card/answer. Moved by J Nicholson that Inwards Correspondence be Received and Outwards Correspondence be Confirmed. Seconded W Sewell. Carried

**Business Arising From Correspondence:** All Accounts to Treasurer; Management Committee to discuss TQOC Inc. Constitution; list of volunteer names to be taken for Sausage Sizzle/Bunnings; Easy Orchids Catalogue on notice board; no one to attend Bowen Garden Workshop, Proserpine OS Inc., Pioneer River O&P Assoc. Inc., Charters Towers O&AP Soc. Inc. Field Days. Karen Green/Membership Application to Management Committee.

**Treasurer's Report:** Given by C Lee who Moved that it be Received with Confirmation of Cheques Issued. Seconded A Withers. Carried. Full results from T.Q.O.C. Inc. Conference not yet available.

**T.Q.O.C. Inc. Report:** given by W Sewell. Rod Shoesmith new President. Shedly Hinds new Patron. W Nicholson presented with Award for service. Bowen on track for 46<sup>th</sup> 2011 Conference. Constitution to be distributed to all Affiliated Societies to be discussed.

**Novice/New Growers Group Report:** given by W Sewell. Meet on Sunday - video from Bundaberg to be shown.

**Building Report:** given by W Nicholson. Still a fair amount of work to be carried out but progressing well.

**Registrar's Choice:**

**Hybrid:** *Aer. lawrenciae* x *Rhy. coelestis* gained 81 Points for M&T Keith.

**Species:** *Paph. chamberlainianum* gained 78 Points for W&J Nicholson.

**Specimen:** *Diplocaulobium kirchianum* owned by L Kennedy and F Ames. Congratulations to all.

**Catering:** W Nicholson thanked C Sewell and her helpers on excellent job done at the T.Q.O.C. Inc. conference in the kitchen, looking after the people with sales tables and any others requiring refreshments.

**General Business:**

Following supper T Boon spoke about the tabled plants on display.

C Lee wishes to do away with 50c pieces on the raffle tickets and added to prices of plants for sale at shows. He suggested \$1 raffle tickets – to be discussed at Management level.

W Nicholson asked for volunteers for Bunnings Sausage Sizzle at Bunnings on 22 August – W Sewell, C Lee, M Papalexion and W&J Nicholson responded.

Reminder that the Management Committee Meeting will be held on Wednesday 7 July as shell show will occupy the hall for the weekend.

**Lucky Door and Raffles:** drawn – congratulations to all winners.

**Meeting Closed:** 9.57pm.

---

I was checking out at the local Woolworths with just a few items and the lady behind me put her things on the belt close to mine. I picked up one of those 'dividers' that they keep by the cash register and placed it between our things so they wouldn't get mixed. After the girl had scanned all of my items, she picked up the 'divider', looking it all over for the bar code so she could scan it.

Not finding the bar code, she said to me, 'Do you know how much this is?'

I said to her 'I've changed my mind; I don't think I'll buy that today.'

She said 'OK,' and I paid her for the things and left

### What to bring to the meeting on Sunday.

There will be a small segment on water and fertilisers at this meeting. Warren and I will have “magic” meters to measure some features of your water and fertiliser solution. To make this session more successful you need to follow the following.

Before you come to the novice / new growers’ meeting this Sunday afternoon you will need to mix up some of the fertiliser you normally put on your orchids and then collect some, half a cup, in a clean bottle.

**Please bring the following to the novice / new growers’ meeting this Sunday afternoon** (as well as afternoon tea and raffle prizes and smiles and growing competition plants and .. .. ).

1. Half a cup of the ordinary water you water your orchids with.
2. Half a cup of one of your fertiliser solutions, mixed up as you would pour on your orchids. You may bring more than one type if you wish.
3. The list of ingredients on your fertiliser packet. Bring the packet if you wish.
4. Something to write with.

I will have the empty bags of GF9, calcium nitrate and Peters Blossom Booster at the meeting so that the ingredients of these fertilisers can be seen.

See you, all prepared, on Sunday.
