You will have to hold your hand on your heart and promise to bring your plant along to future Friday night's meetings for measurement of its total leaf span. Its name is ☺☺☺☺☺. George gave it to us at the ANOS Conference in Newcastle. He is also happy sell us pots etc. All we have to do is give him a list and he will attempt to give us a good, competitive price.

President's Comments

Thanks to those members who responded quickly with their orders for pots, bark and coco-chip etc, when the opportunity arose for free transport from the south. I did order some extra just to satisfy any late calls, but it was difficult to know just what to order. We now have a few bags of Aus-gro bark in stock as well as coco-chip, particularly in the larger sizes 12 18mm and 20-30mm. Please contact me or Jeff if you want any.

Next month is our Annual General Meeting at which our "new" committee will be elected. We need some new faces but only if you wish to help out, there is no point being on the committee if only to be a stirrer, which I am sure most of you are not, so all of you genuine members please nominate to ease the burden on our few hard workers.

We have experienced a big year with the T.Q.O.C. Inc. conference and extension to the hall, so now consolidation is the big thing. We are still recruiting a number of new members each month with interest in the Sunday gatherings going like a train.

Spring show is just around the corner, so please, if you have any orchid in flower, bring it in. Many of you 'prejudge' and leave showable plants at home. Please let the judges decide.

We have a few incapacitated members at present, so wish them a speedy recovery, hoping to see their happy faces back on deck soon.

Long standing members Peter and Anna Pavia from Brisbane, were welcomed at our August meeting, as they still take a interest in our progress – good to see you both looking so well.

Wal Nicholson

Novice/New Growers' Report

Once again there was a good attendances of members for the Novice New Growers meeting held on the 27th August at Townsville Orchid Society Inc. Hall, Charles Street Kirwan. As it now considered the right time for the repotting of our orchid plants, a chore not everybody looks forward too, our topic for the afternoon activities was on repotting of orchids, the different ways that the plants can be mounted and the various media that can be used to repot them in. Also your secateurs or cutting tools need to be sterilized for the cutting of each orchid plant to prevent diseases from spreading to other plants. It was pleasing to see that several members brought along their plants for this venture and the way they went about repotting their plants. We were also fortunate enough that Stephen brought along a tray of *Phalaenopsis* plants to demonstrate to the members his way of repotting his Phallys and the material that he uses. Many questions were asked and answered about the growing of his plants so we would like to thank Stephen for his help and support on this occasion. Ray is always willing to help with advice and knowledge on various orchids especially species which will always be a benefit to the members.

Thank you to all the members who brought along their flowering orchids for the Popular Vote Competition and there were some very nice flowering plants on the tables. In the Novice Section, Wal & Lyn Carlill was 1st, Francis Maltby & Jan Hendrick tied for 2nd with Jan Hendrick 3rd. Some of our

members have not been enjoying the best of health lately so it is good to know that they are slowly improving with Wal and Jean with their physio and to wish Peter all the best in the next stage of his recovery. We trust Alison & Jeff, Robert, Mavis, Margaret and Noel all had an enjoyable holiday recently and will have some stories to tell us about their trips. Don't forget our Spring Show that is coming up shortly, we do need all those plants to show the general public what a lovely flower and orchid can be.

Once again we would like to thank everybody for their wonderful support towards the afternoon tea table and for the Multi Raffle Prizes and Ticket Sales.

Growing Competition

The *Blc.* Dal's Kew 'Drummer Boy' x *Bc.* Dal's Charm (from Burbank Orchids) growing competition is now in full swing. Leading in August was Ross or Joan MacIntyre with a height of 18cm, with Wal or Lyn Carlill on 16cm close on their heels. Third place on 15cm were Ross or Joan MacIntyre. Most of the plants are now throwing up their new growths so it will be interesting to see the heights over the next few months.

Do not forget to bring this growing competition orchid along to either of the meetings and join in the fun. (As we are a bit busy with the shop at times, you may measure the height of your own plant and record it on the sheet provided.)

Remember that another competition begins from this Friday's meeting.

This latest episode was not as big as "Ben Hur", but not far from it. We raced around and collected orders and had them to *Easy Orchids* on time, although we did suspect that some of those we ordered would not be available as we had received our August catalogue directly from *Ching Hua Orchids* and some orchids were no longer listed. When our order arrived from *Easy Orchids* (5 days it took the courier), only 43 out of 52 flasks were supplied, although Murray did not mention this shortfall in emails arranging delivery. (Delivery had to be made to Wal and Jean's as we were away on holidays). Refunds have to be organised and made to those members who paid their full amount.

Finally the orchids have all been deflasked. The final deflasking and sharing day was on a furious 12th September afternoon, and yes – there were a couple of packets of *TimTams* on the smoko table.

Comments range from "Wow, when are you doing this again", to "We are not doing this again", so we shall see.

Hopefully there will be some different flowering orchids gracing the show benches here in Townsville in the not too distant future.

A Woman's Poem ---- ©Unknown

He didn't like the casserole
And he didn't like my cake,
He said my biscuits were too hard
Not like his mother used to make.
I didn't perk the coffee right
He didn't like the stew,
I didn't mend his socks
The way his mother used to do.
I pondered for an answer
I was looking for a clue.
So I turned around and smacked him one
Like his mother used to do.

A man and his wife walked into a dentist's office.

The man said to the dentist, "Doc, I'm in one heck of a hurry. I have two mates sitting out in my car waiting for us to go fishing, so forget about the anaesthetic, I don't have time for the gums to get numb. I just want you to pull the tooth, and be done with it! We have a charter boat to catch at 10:00 AM and its 9:30 already... I don't have time to wait for the anaesthetic to work!"

The dentist thought to himself, "My goodness, this is surely a very brave man asking to have his tooth pulled without using anything to kill the pain."

So the dentist asks him, "Which tooth is it?"

The man turned to his wife and said, "Open your mouth Darling, and show him."
