Novice Report.

Wasn't there great display of quality flowering orchids by the 63 members and guests who attended the last novice / new growers' meeting held at the TOS hall on Sunday 25th September? Sure was.

Thanks to Greg Kelly for his very informative talk on how he successfully grows his mini oncidiums (Tolumnias). Greg gave a detailed account on his potting, potting mixtures, fertilizers, pests and fungicide and watering procedures that he uses on his orchids. Thank you Greg for your expert advice and the time you gave to help all our members to broaden their knowledge on this subject.

Unfortunately Clara and I missed out on Greg's talk as we were on holidays down in Canberra and then Brisbane. In Canberra we visited the Australian War Memorial Centre, Mountain Tower, Cockington Green Garden (A Magnificent Display of old English Villages, World Embassy Houses and Gardens all in miniature form) and Floriade (A Feast for the Senses) which we enjoyed very much.

The Popular Vote Competition results was in the Novice Section, Carl Osborne was 1st & 2nd with Maureen Coleman 3rd. In the Open Section, Neita Coulson and Wal & Lyn Carlill tied for 1st, with Wal & Lyn 3rd.

We would like to thank everybody for your wonderful support we received from the members who attended our Field Day on the 2nd October, as it all helps to make these days so enjoyable.

Please remember our Christmas Party is to be held at the Townsville Orchid Society Inc. Hall on the 27th November starting at 12noon so if you wish to attend this function your name will have to be on the Christmas Party List. Conditions (i.e. how much you will have to pay) for attendance at this function were published in our last monthly Bulletin will apply. Don't forget we will need some items for the grocery buckets to be raffled at the Christmas Party or any other items that you wish to donate will be greatly appreciated.

P.S Delia Hobden has kindly offered to speak at our next meeting. Subject: *Catasetum* Orchid or any other item so desired.

Clara, Warren and Jeff

President's Comments

As this is the last of my comments before the Annual General Meeting I would like to compliment all of those who have helped to make the 2010/11 year such an outstanding success. Several members, who know who they are, have excelled far beyond the effort which should be required of them, and I would like to particularly thank them on my own behalf, and that of the majority of our members.

I have previously commented on the success of our shows – The Novice Group – the shop and so on. Now I wish to add to the year's successes - our field day. We had an attendance of over seventy orchid enthusiasts who visited six collections (shade houses). It has not been a money winner as in previous years, due to our wish to keep costs to visitors at a minimum.

A few years ago we decided to do away with the long procession of cars and thus hire a bus for the tour for safety reasons. The escalation in fuel costs has led to an increase in bus hire, which we felt we could afford to absorb. Thanks to the generosity of those present, our raffles have ensured that any monetary loss will be very minimal, if at all. By the time of our meeting we will know exactly. On the more positive side, many of our newer members have been able to witness the successes, and failures of the "Veterans," and the Veterans had a chance to convert their surplus plants to cash (no doubt to enable them to buy more plants). Thank you and Congratulations to all who participated. I know that Jean and I worked hard for a week or so to get our place in order and organized, but we enjoyed the day and consider the work was worth the result. The friendly, cordial atmosphere was very noticeable.

Getting back to the Annual General Meeting – nominations will have closed by the time you read this. To my knowledge there has been a good response and hopefully all positions will be filled. If however there are any "spaces" please don't hesitate to nominate at the A.G.M. We seek members with a serious interest in the successful future of our Society.

I thank you all for your support and wish the Society continuing success – we've had a great year.

A vampire bat came in from the night, face all covered in fresh blood and parked himself on the roof of the cave to get some sleep.

Pretty soon all the other bats smelled the blood & began hassling him about where he got it.

He told them to go away & let him get some sleep, but they persisted until he finally gave in..

"OK, follow me", he said & flew out of the cave with hundreds of excited bats behind him.

Down through a valley they went, across a river & into a huge forest.

Finally he slowed down & all the other bats excitedly milled around him, tongues hanging out for blood.

"Do you see that large oak tree over there?" he asked.

"YES, YES, YES!!!" the bats all screamed in a frenzy.

"Good for you!" said the bat, "Because I jolly didn't."
