**Novice/New Growers Report:** W Sewell stated C Truscott to talk on *Den. carronii* and *Den. canaliculatum*

**Show Report:** PLants to be entered in show must be in hall by 6pm on the Thursday evening 16 April. Anyone wishing to help set up show be at hall at 11am Thursday.

**General Business: Computer Programme:** Committee agreed to use new programme submitted by J Knowles from QOS Inc. A donation of \$50 to this Society, acknowledging Charlie Edwards, to be made.

**Signs:** Agreed to purchase a teardrop advertising sign and a banner to be used at shows.

**Vandalism:** Lights have been damaged at front of hall – to be looked into. Police informed. Switchboard working again.

**New Member:** Ruth Whiting accepted as a new member in Novice Section.

**Foliage at Mackay Conference:** Following information from T Boon it was resolved to raise donation for Foliage to \$120 to cover the Araceae Section at the Show.

**Meeting Closed:** 3.35pm.

**President's Comment:** Firstly, and most importantly, I thank and congratulate our newest member, Allan Anderson for volunteering to fill the role of Bulletin Editor. He wasn't cajoled or coaxed in any way – a true volunteer – Thank You Allan.

We could do with a few more of those. For instance our Treasurer Lynne agreed at the A.G.M. to continue only until an alternative was recruited. Lynne's job is very demanding, and coupled with other responsibilities, she finds the position somewhat demanding. However a new computer programme to be introduced by Jeff Knowles on his return from a trip to Taiwan should be a big help in reducing the workload on future Treasurers. Considering volunteering now is the time to act.

Our President should not be burdened with full responsibility for the hall, with recent problems caused by vandals, and careless tradesmen in the Bamford Lane carpark, adding to the already full time role as Maintenance Officer and Hall Hirer, he could do with an assistant at least. Presently we have seven Committee Members to fill seventeen.

'Nuff of the begging! We only have weeks to our first show for 2015 – 17-19 April - so please put your name on the work roster and prime up your plants. I notice many buds appearing on my orchid collection, so we should have a good show. We have new signs coming to ease the problem of putting out the heavy ones.

It was suggested at a recent Committee meeting that we encourage young people to become interested in orchids by approaching schools to offer tutoring sessions. Any ideas

or volunteers would be very welcome. This could be the catalyst for ensuring the Society's future.

It is pleasing to see the numbers remaining after the Novice Meetings for attendance at the General Meetings, which should ensure success of the "venture." See you all on the 22<sup>nd</sup>.  
Wal Nicholson

**PAPHIOPEDILUM GROWERS:** Our Late member Les Kennedy had a collection of nice Paphiopedilums as well as other orchids, which his partner Fran wishes to sell, but not from home, so we have agreed to her having a sales table at the Autumn Show. I repeat, Fran will not sell from home, and does not want telephone calls nor visits. See her at the show. Wal.

**Herbert River Orchid and Allied Plant Society Incorporated Field Day:** Members of our Society have been invited to attend this Field Day, to be held on Sunday 12 April 2015 at Conroy Hall, McIlwraith Street, Ingham, starting at 8.00a.m. Lunch available for \$10.00 per person. Townsville Orchid Society Inc. has hired a Campbell's Bus to leave our Society hall at 6.30a.m. on that day and will return by 6.00p.m. Cost will be \$20.00 per person. Remember to bring your own box for purchased plants. Please contact Jean on 47734208 if you wish to go on this trip, or place your name on the list at the March meeting.

Wal Nicholson

**Novice/New Growers Report:-** On a very hot and humid Sunday afternoon. 50 members plus 3 visitors met at the Townsville Orchid Society Inc. Hall, Charles Street, Kirwan for their monthly meeting and it was indeed a pleasure to be able to sit and enjoy the afternoon activities in the comfort of a air-condition hall. I think we must be getting soft in our old age. As I had remarked earlier, the weather in Townsville over the last several months has been atrocious, very hot and steamy with some hot dry winds, little or no rain at all and with little prospect of rain in the coming months.

Ted Boon was our Guest Speaker, the subject being on Vandaceous Orchids. We wish to thank Ted for the power point programme he put together for us and for his expert knowledge and experience relating to the growing of these orchids. As our Autumn Show is coming up in mid April, we will need your support for the setting up of the show on Thursday 16<sup>th</sup> April at 11.00am and to work on the Show Roster on the following 3 days.

At the present moment, we have Col Berzinski and Grant Christopher having a stay in hospital along with several other members on the sick list and who are unable to attend meetings, we wish you all a speedy recovery and also to let you know you are always in our thoughts and hope to see you at future meetings.

Many thanks to all the members who brought along their delicious goodies for the afternoon tea table and your kind and generous donations of prizes for the Multi Raffle and for supporting the Raffle Ticket Sales. Charlie Truscott will be the Guest Speaker for the March meeting to talk on the canaliculatum and carronii species orchids and their offspring. Hoping to see you all at our next meeting on the 22nd March.

*Vanda aurantiaca* (Schltr) L.M. Gardiner 2012

Formerly called *Ascocentrum aurantiacum* (J.J. Sm.) Schltr. 1913

This is one of the lesser-known of the genus *Ascocentrum*, which is frequently mis-identified as *Asctm. garayi* or *Asctm. miniatum*.

It comes from the Indonesian island of Sulawesi or the nearby Philippines island of Celebes. The species was first established in 1913 by a German taxonomist, botanist and author of several books, Mr. Friedrich Richard Rudolf Schlechter (1872- 1925 Berlin). He was the curator of the Berlin Botanical Museum and an orchid specialist. He explored Africa, Indonesia, New Guinea, Australia, Central and South America. He established a vast herbarium which was, sadly, destroyed during the bombing of Berlin in 1945. *Aurantiaca* and *Aurantiacum* both mean "orange coloured"). All of the *Ascocentrums* have multi-flowered spikes with small, brightly coloured flowers, usually yellow, orange, red or pink. They readily hybridise with the large *Vanda* species, resulting in the hugely popular hybrids, the

Ascocendas. However, in 2012, following phylogenetic analyses using DNA data (try saying that after dinner and a nice bottle of wine) all of the Ascocentrum species were renamed as Vanda (as well as all the Neofinetia, Christensonia, Ascocentropsis and others). Therefore, Ascocendas are now Vandas. This has caused a problem to the average orchid grower (that's you and me). Now it is very difficult, when buying seedling hybrid Vanda plants, to know (**without being told the parentage**) if you are holding a plant which will develop into a large Sanderana type, a middle-sized many-flowered Ascocenda, or a miniature with Ascda. garayi features. I guess we will all have to learn more about the parents of all the orchids we are buying. As Librarian for the Townsville Orchid Society, I urge you to consult the many useful books in our library to increase your orchid knowledge. I can also show you the much-consulted computer program OrchidWiz which has a huge amount of information for the orchid grower.

### **20<sup>th</sup> Australian Orchid Council Conference & Show – Mackay 2015**

"Orchids in Paradise" is a combined 20th Australian Orchid Council and 50th Tropical Queensland Orchid Council conference and show. The AOC conference provides an opportunity for orchid lovers from all parts of Australia to meet and enjoy spectacular orchid displays and learn from world-leaders in orchid breeding and culture. The AOC conference is a triennial event, held in a different state of Australia every three years. It will be the first time that the AOC conference has been held in Mackay and only the second time that a conference has been held in tropical Queensland. The 2015 event will also be the first time that the AOC conference has been combined with a major regional Orchid Conference. Additionally, foliage and allied plants will be included in the show schedule for the first time.

The Orchid Conference will be held at the Mackay Entertainment and Convention Centre (MECC) on **Friday the 18th September to Wednesday 23rd September 2015.**

More Details can be found on the following website:
