Meeting Closed: 2.10pm

T Boon, President

W Sibthorpe, Assistant Secretary

RAMBLINGS,

Another year almost ended and another Annual General Meeting completed, such as it was, my sincere apologies for the schmozzle. I hope that does not happen again.

The last function for the year is our Christmas Party, so far over 80 have indicated they will be attending. When I realized, no time had been set I contacted Chef on Call, organized that and began to contact all members, at the time of writing this I still have a number of members to advise. If I have overlooked you, my apologies... **Time is 12noon for 12.30 start.**

Please remember to bring in what article you can for the **multi raffle**, by doing this we can continue to give you a free Party. Articles can range from plants, growing materials, fruit, veges produce, knick knacks, just remember something you would like to take home. If you don't wish to take it home, bin it or don't bring

Members are also invited to bring in their plants for judging, points go to next year's competitions.

To Joan McIntyre, our culinary leader, congratulations on your elevation to LIFE MEMBER well done and deserved.

The year to come is going to be a very important one for the Society, I have mentioned it before and will keep mentioning it.

On a Friday night in 1947, a number of orchid growers met in the Willmetts Chambers, across from where the Maggie Island ferries departed, in doing so, formed the Townsville Orchid Society. I am not sure of the number of persons who became members, but today it is well into the hundred mark and continues to grow.

The Anniversary will be celebrated on the 9th, 10th, 11th June with a very large Orchid Conference, a function I can heartily recommend. One if you attend I can guarantee you will thoroughly enjoy.

In the meantime, enjoy the Christmas fare and as this will be the last meeting for the year. I wish you all a wonderful Christmas with rain as a gift (Not a cyclone) and may 2017 be all we hope for. Next meeting will in January

Cheers to one and all *Ted Boon*

Good afternoon One and all,

What a great Society we belong to. There may be one or two who may disagree with that statement. I believe it to be true. There may be the odd prickle now and then but in general, friendship is the main stay along with the love of orchids. I have been a member of this group since I was 16. It has been a very big part of my life and have seen many coming and goings in that time but this is not about me but about a Society who next year will celebrate 70 years in existence.

There are few Clubs or Societies who can lay claim to that. I believe Cairns or more correctly the Far Northern Orchid Society is older by a small period than we are. In this length of time the Society has had various homes from the original rooms across from where the Magnetic Island ferry used to leave from, to the CWA Rooms Denham St, to the church hall in Townsend Street then to a hall on Dearness St in Garbutt, then to the Cycle Club Hall on Stuart Drive to our first Building, South Jnr Rugby League Hall in Pioneer Park to our final Home here in Joe Kirwan Park.

With this meeting an old year ends and a new one starts. What a year it has been Wally going down early in the year with Leukaemia that to be followed by then Treasurer Keith Chambers also with Leukaemia, thankfully both are still with us today. One must not forget Olive Krogh who had a nasty accident at home and is still in hospital. She is on the road to recovery but has a lot of physio in store and just recently Allan Hughes who took a tumble in Cotters Market, did some damage and a lot of bruising. We wish all those who are ill a speedy recovery.

The move from a Friday night meeting to a combined meeting with the new comers group was not welcomed by all and caused quite a few problems, however it was a necessary move or we could have ended up with problems from Dept. of Fair Trading or so I am lead to believe.

The new comers group for want of a better term and under the guidance of Warren has continued to grow and has been a tremendous success, a nucleus of member lecturers has been able to deliver a variety of informative discussions along with the popular Plant repotting.

Our Three Shows have all been a success, for the first time we incorporated a repotting demonstration at the Autumn show which proved extremely popular with crowds 3 deep in front of the repotting table, this carried on for the next 2 shows. This idea may continue into 2017.

Once again the Tropical Queensland Orchid Council Inc, held their annual conference and Orchid show, this time in Ayr, there was some thought the Conference would not be a success, however at the last minute everything came together to produce one of the best shows for some time.

Next year 2017 will be a very big year for the Society, apart from our birthday celebrations, we may be hosting the last yearly TQOC Conference and Show. It is not so much the organising; it is the manpower as each year we all grow older and such an event and the work involved becomes a chore.

A lot of work has already gone into the planning of this event. It started the day the Ayr Conference wound up with all the motels along Bowen Road being advised of this event, hundreds of emails have also gone out, to date I believe we have 13 Registrants.

The Conference web site is up and running, simple name...TQOC.org.au. I would recommend this Conference to all members and I do ask for your support next year. We will need workers at the show set up, selling raffle and entry tickets plus numerous other jobs.

If you have never been to such a Conference, in your attending you will get to listen to lectures on orchidaceous topics, attend the show, as many times as you like, make new and meet old friends, it is a great experience.

To the past Committee I offer my thanks for a job well done, to Jeff Knowles thank you for the computer work done for our shows and conference details, Terry Ruxton our Treasurer, Terry took over when Keith went into hospital and has done an exceptional job with thorough detailing and cross referencing all monetary transactions. Sarah, Terry is needed to carry on this work.

One cannot forget the exceptional work done by Robert Rasmussen in attending to hiring and firing at our premises, he is on call to attend to everything, making sure it all runs smoothly, Robert is a valued asset to this Society, many thanks Rob. Thanks also to Noel for his work in trying to get members to use the library, it is a valued tool in orchid growing. To Warren thank you for the many hours spent arranging topics for discussion it is much appreciated.

Special thanks must go to the ladies of the catering group especially Joan and Clara and the girls who offer valued assistance

Thanks also to Jean Nicholson for the hard work done on Society business while caring for Wal, thank you Jean your help is greatly appreciated, we will be sorry to lose your experience, however you will do a great job on our Conference sales table. On that subject if any member is willing to assist, the sales tables is looking for donations of Knick knacks, jams, homemade cakes, sweets etc. To Wal my thanks for all past work for the Society and since I stepped into this role, my appreciation and thanks. Finally, to the two local nurseries, Alice and Peter thank you're your considerations and assistance, I would ask all members to support them where possible.

As I said earlier I am of the opinion this is a great Society, friendly & helpful, prickles can be overcome and put behind us. I would like to think members can come to me with ideas they have, to make this Society even better. If not me then please contact a committee member. To anyone who deserves a thank you and I have forgotten, my thanks and apologies.

Finally to you all, thank you for your attendance at meetings, thank you for your friendship and may this Society go onto greater strengths.

Ted Boon President

Novice/New growers' Group

The monthly meeting of the Novice/New growers' group was held on the 23rd October at the Townsville Orchid Society Inc. Hall with a great number of members in attendance.

The Guest Speaker for this particular meeting was Peter Lucke who gave a very interesting talk on how he deflasks orchid seedlings from a flask and repots them straight into small plastic pots. The potting media that Peter uses consist of 4 parts of super coarse perlite to 1 part of vermiculite. The small seedlings are taken from the flask and potted in the media without any fungicide treatment at all. Thank you Peter for all this information and it just goes to show how other orchid people go about deflasking and repotting orchid seedlings.

Don't forget our Christmas Luncheon is on the 27th November starting at 12noon with the lunch to be served at 12.30pm. As we have done in previous years some donation of grocery items for our special grocery bucket drawing throughout the afternoon activities would be greatly appreciated.

Our afternoon proceeding concluded with a wonderful afternoon tea supplied by the members and finishing with the drawing of the Multi Raffle. Once again we appreciate your support and donations on all these occasions.

Please remember that any member who has not attended 4 meetings throughout this year, will be required to pay for your Christmas lunch.

Warren and Clara
