The President's Comments

Welcome to all.

Summer is gradually creeping upon us. The days are getting hotter and the winds just keep blowing. With that combination, I am watering more often to ensure that my plants are not dehydrating. My bush house is open-sided and no matter which direction the wind is coming from, it goes straight through.

There are new growths coming on most of my cattleyas and the new growths appear to be stronger than before. My vandaceous plants are also coming forward with new root growth and they also appear to be stronger than before. I set out, about this time last year, to improve the overall standard of growth in the bush house and while there has been an overall improvement in all my plants, I trust that there is more to come. I have crossed a number of plants and the pods are slowly forming. They have a long way to go. The October meeting will be the first of the General Meetings after the new Management Committee has been formed at the Annual General Meeting. It is always an interesting time of the year. Remember October is the first month of the new plant competitions, so bring your prize-winners and favourites to the meeting.

Our November meeting is usually a very short meeting which then continues into our Christmas Party. For any number of reasons, the Committee has decided not to hold a Christmas Party this year. There will be a normal meeting with plant competitions, then there will be some plant commentary, as well as a talk of some sort. The club has decided to have an extended afternoon tea, for which members will be asked to bring a plate. We will support this with some extra goodies to eat. There will be a raffle to finish the afternoon which again will be supported with plants bought by the club.

On **Sunday 1st November 2020**, we will be holding a Members Plant Sales Day. Members who wish to sell plants will be allocated a table or tables which will cost \$10 each. If you are selling, you will be responsible for your table or tables for the day, including providing your own cash float and boxes/bags for plants sold. Time frames are: Sales set up from 7.30am to 8.30am. **8.30am to 9am sales to TOS members only**. From 9am until 2pm, members of the public (and other TOS members) will be able to enter and purchase plants.

The sales tables will be set up at 10am on Saturday 31 October.

NO PLANTS WILL BE ALLOWED IN THE HALL ON SATURDAY AS THE HALL IS BEING USED IN THE AFTERNOON.

Members, who are not working, are asked to vacate the hall through the rear door after purchases are made, as we still have to manage the numbers in the hall in compliance with Covid-19 Rules

Members who wish to purchase plants are requested to bring a suitable container to put your plants in after purchase.

Good growing. Greg Kelly

Vice President Reports

Property (R Rasmussen):

- TQOC meeting – using Hall on Saturday afternoon.

- Garden Club have requested that we change our Spring Show to the 10th 11th 12th September 2021 to coincide with The Garden Clubs Australia (GCA) Biennial Convention. Committee unanimously rejected changing the Spring Show dates. The Cat Club is booked in to have their show on that weekend. Spring Show is on the back end of the Conference. Visitors would have the opportunity to attend the Orchid Show at the end of the Conference.

Show (R Dundas):

- Spring Show was cancelled due to sudden COVID19 restriction changes. Greg Kelly explained that he had tried to get clarification from the COVID hotline with little satisfaction. We could not guarantee that we would be able to abide by rules, especially number of people in the Hall at one time.
- Sales Day – need to set a date and make rules for attendance.
 - Sunday 1st November
 - Opening times: 9am – 2pm (8.30 – 9.00 early entry for members)
 - Entry fee - gold coin donation.
 - Members tables - \$10 per table.
 - Raffle?
 - Robyn will pass out a roster at the September general meeting. Need people on the door to take particulars of those attending.
 - External people able to buy a table? Only after members have been given an option. Cost?

Hospitality (R Whiting):

- What will we do about our normal Christmas Party?
 - not able to do the normal Christmas Party.
 - Greg suggests have a brief November meeting, judging of plants, a special afternoon tea then a raffle. Will not spend as much on raffle as in the past – amount to be decided at next meeting.

Editorial (Noel Grant)

- Change in postage delivery service. Posting to those receiving the bulletin via surface mail might notice some delays.

By-laws (Jeff Knowles)

- Discussion on by-laws resulted in suggested changes to the following by-laws. Updates to be made to:
 - 8 (2)** – pro-rata clause revised; **13** – reviewed recommendations of actions followed on the death of member, former member, or member’s partner; **14 (2) c and d** – roles of Technical Officer and Programme Director – slight changes; **15 (7) b and h** – tabling of plants at general meetings.
 - 18 (29)** – role of show security; **19 (1) and (2)** – sale of plants at shows.

General Business: **COVID19**

- Cancellation of the August meeting was necessary because of the sudden change in rules for the COVID-19 restricting attendance at gatherings to 30 people.
- Shop opened for sales and Treasurer was available to take membership payments.
- An impromptu meeting of Committee members at the Hall discussed the need to take further action to see what we would need to do to allow meetings to recommence.
- Greg Kelly reported on actions he has taken to get correct advice.
 - Little help from Hotline – sent email which has not yet been answered.
 - Second call – stated that if you invite people into the hall it is considered a business – with an action plan we can revert back to one person per 4 sq meters.

- Found a plan on the Queensland Health website and has completed it.
- Needs to be approved and adopted by the Committee.
- Also using a Checklist.

Motion: That the *TOS Work, health and safety plan for COVID-19* be adopted and monthly meetings recommence in line with the recommendations on the plan.

Talks:

Fertilisers and the importance of pH. by Reg Dix

Background:

- interest in orchids since he was 5 - since 1990 became great interest - mainly grows Cattleya.

Reg stressed that this is the way he does things. Quote: "Put 5 orchid growers in a room and give them a problem and they will come up with 15 different answers."

Reg's PowerPoint has been loaded onto the Society's computer – members may request a copy via the Secretary.

Some points from the talk are;

- Savannah environment is the ideal for orchids
- Time for repotting - when new roots are up to 4cm in size is the time to repot.
- a variety of potting materials can be used = volcanic scoria, charcoal, expanded clay balls, perlite, river gravel, quarried rock, polystyrene chips, cork, tree fern, casuarina,
- Reg's Potting mix includes:
 - 5 parts bark,
 - 2 parts expanded clay balls
 - 2 parts scoria
 - 2 parts perlite
 - 1 part charcoal
- Sterilising is important. (at least 20 minutes).
- When cutting plant uses a product called steri-prune with a cottonbud on each plant.
- Sprays whole plant with a mixture of: 5mls of growth hormone 5mls Alginox and ½ Aspro per litre of water. Concentrates on spraying the root system.

- Uses a variety of fertilisers. *Alginox in with water when fertilising with Chemical fertilisers–wetting agent. (see PowerPoint)
- Cannot use Alginox with organic fertilisers such as:
 - Strikeback for Orchids (Organic), Nitrosol, Seasol
- Fertilises every time he waters.
- Uses Orchidwiz to keep a record of fertilisers he uses

Ted – Registrar’s Choice: Bruno Fighera – Paph Saint Swithin

- Potting mix -bark and perlite
- Paphs like long pots rather than the squat pots.

Peter - discussed the heat now, plants need more water.

Question: How do you get rid of sooty mould?

- Alginox should kill it.

Raffles followed.

After President Elect Lee was named, he addressed the meeting, making the statement that he believed the general meetings of the Townsville Orchid Society were invalid and that no formal meeting should be held during the Sunday meeting. He further explained that a solicitor he knew in another club supported the view that these meetings were not

lawful. He stated that his acceptance of the nomination was on the condition that the current format of holding a general meeting at the commencement of the Sunday monthly meeting, be abolished.

President Elect Lee then instructed the returning officer that she was not to appoint him to the position without putting it to a vote of the members present. Motion was put and he was duly elected as President and each person nominated for a position was treated in the same manner.

As Charles Lee was elected President, he withdrew his nomination for Committee member when that position arose.

All nominees were duly elected.

Further discussion was had regarding the amendment to the motion. The amendment was put to a vote and was defeated.

The original motion was then put to a vote and was also defeated.

President Lee then indicated that he could not work in an unlawful situation, resigned from the position and returned to the seated section of the meeting. A notice in writing was requested of Mr Lee by the Secretary.
